

BALES-GITLIN BAND SAMPLE REPERTOIRE

Our repertoire is ENORMOUS and we add new songs all the time.

This list is not even close to complete.

It is a sample of song titles, styles, composers, performers, and types of music frequently requested.

Please mark the songs and styles you particularly like (or dislike!), write in any songs or artists that are especially important to you or your audience, and return the list to us. This will help us zero in on your tastes in music.

However, we also hope you will let us use our instincts and experience to respond to your guests when we meet them! The interplay between a band and an audience is what makes live music **LIVE!**
